| COMMENTS | |
| <p>Unit shows 349,463 miles but is incorrect, cannot verify exact milage. While moving the engine brake did not work. The water/temp light on dash is on. One of the oil filters is crushed. The front bumper is damaged and misaligned. The driver's step is cracked and broken. The front passenger fender is cracked and worn. The turn signal wiring up front needs repairs. The truck needs batteries. The dump bed cover is bent and possible broken. The tarp is disconnected from the hardware. All 6 tires are in fair condition. There is a small air leak. The hub caps are bent. Dings, dents, scratches and rust through the truck. The truck is in fair running condition.</p> | |
